“Live among vibrant communities that nurture you.
Live in a fresh, green ecosystem that rejuvenates your mind, body and soul.
Live in abundant spaces that let you grow and thrive.
Live in comfort and convenience with amenities for the entire family.
Live each day as a new experience, rich in new possibilities.
Live in happiness, warmth and harmony.
Live life to the fullest... every day!”

SPECTRA RAAYA
LIVE THE GOOD LIFE
Life thrives when it finds the ideal living ecosystem. Where growth is sustained and happiness is nurtured. Where vibrant communities converge to share every joy and celebrate every success. Where positivity is harnessed and each day is rich with new possibilities.

Located in Whitefield, Bengaluru, Spectra Raaya is where you live the good life. Experience modern living among a vibrant community, with ample green spaces and amenities that create joy for the entire family.

These premium homes help you rejuvenate in natural light and fresh air, enjoy captivating uninterrupted private views, relax in sky gardens on extended balconies and live in complete privacy with minimum common walls.

Make everyday special. At Spectra Raaya, live the good life.

RAAYA
/Your Trusted Friend/

“TRUSTED FRIENDSHIPS ARE IMPORTANT IN BUILDING COMMUNITIES. WITH SPECTRA RAAYA, WE SEEK TO BUILD NOT JUST A HOME, BUT TO NURTURE A COMMUNITY.”
Live and thrive in a handpicked location

The location of your home decides how happily you will live your life here. Like, how far is your workplace from your home? Where are the nearest schools and healthcare centres? Are there shopping malls, recreational facilities and parks located nearby?

**Whitefield**
Bengaluru’s New City Centre

Spectra Raaya is located in Whitefield, Bengaluru. Whitefield is fast emerging as the destination of choice for the world’s leading IT hubs and innovation catalysts to further expand their enterprises. Add to this sprawling malls, luxury hotels, gourmet restaurants, recreational spaces and parks, international schools, super specialty healthcare centres and many cultural institutions. What you get is Whitefield rapidly emerging as the new city centre of Bengaluru.

**The Silicon Valley of India**
East Bengaluru welcomes you with a plethora of industrial hubs, sprawling green stretches, captivating sights, cultural festivities and mouthwatering cuisine. Bridging the traditional and the modern, it is home to some of the biggest global technology corporations, making it the Silicon Valley of India. A good road network, revered educational institutions, world-class health care facilities, shopping malls and so on ensure that, by living here you enjoy access to everything you could possibly need.
Minimum Common Walls, Maximum Privacy

Privacy is not hard to find at Spectra Raaya. An exemplar of modern living, the interior layouts of these uniquely designed homes offer you the comfort of living in a space which has minimum common walls. So that you can sit back, relax and enjoy complete privacy in your very own tranquil retreat.

Enjoy Uninterrupted Private Views

The towers in Spectra Raaya are staggered in the master plan, to break their linearity. This opens up a world of fresh new possibilities. The outward facing units include uninterrupted private views, that captivate you every day with sights of the verdant Garden City that blends seamlessly into the horizon.

Rejuvenate in Natural Light and Fresh Air

Wake up to the first rays of the morning sun. Feel the calm breeze caress your senses throughout the day. Bask in the glow of radiant sunsets. Live in a home that is naturally well lit, where the air is always fresh. From dawn to dusk, your Raaya home will rejuvenate your mind, body and soul.

Thrive in Open Lush Green spaces

At Spectra Raaya, experience living in lush green open spaces. The unique landscaping and angular placement of the towers opens up relief spaces that create a lush green metaphorical curtain wall, which stretches through the project and provides a large common green for the entire development.

Happiness for the Entire Family

From a Clubhouse that includes a well-equipped gym, an elevated swimming pool, reading room/library and play area for toddlers, to outdoor spaces which include paved gardens, children’s play area, multipurpose court and an outdoor party lawn with an open air informal amphitheatre, Spectra Raaya features amenities that are designed to bring joy for the entire family.

Designer Homes Crafted by Spectra

Every minute detail of your home is carefully crafted by award winning architects, who have aligned global aesthetics with the latest design trends to ensure that you enjoy the good life.

The harmonious blend of indoor and outdoor spaces, provision for ample storage spaces, the use of premium brands for fittings, fixtures and more ensure that these designer homes are perfect for you.
GARDEN IN THE SKY

Spectra Raaya is designed to create a visual connection between the inside and the outside. In addition to the landscape pockets on the ground level, the project features softscape on extended balconies at selected levels of the facade, to give one their very own private garden in the sky. The gardens feature a triple height volume with an expansive outdoor deck, that evokes the magical feeling of living in the sky.

“LIVE THE GOOD LIFE WITH YOUR VERY OWN GARDEN IN THE SKY”
A representational image
An artistic representation through Computer Generated Image (CGI)
OUR VISION IS TO INSPIRE POSITIVE IMPACT BY CREATING COMMUNITIES THAT ARE WHOLESOME, PROSPEROUS, SUSTAINABLE AND FUTURE READY”
Spectra Raaya is a lifestyle residential apartment project. The name takes its root from “Rah” etymologically, which means path and journey, and every journey is about transitions.

For us, at the creative side of the project, it was about tending this aspect of transition with utmost care - be it from the external access into the linear project site, through a landscaped boulevard, leading into the towers, which have been intentionally staggered on the masterplan to create identity to each tower. This is enhanced further by carefully tending the transition spaces, with a strong colour palette emerging from the landscape elements and the built form. This would reinforce the idea of identity amongst the various towers.

The common amenities extending from the entrance boulevard to the club, extending itself into the children play areas, and the various elder spaces have been themed with a strong Biophilic design intent, to enhance the happiness and wellness quotient of the resident.

Urban Frame | A Space Matrix Group Company
In an era, where we live in a world within a world, there is a need to be sensitive to the way we inhabit space. The project finds its genesis in this approach. Spectra Raaya embodies the constant effort to create a visual connect between the inside and the outside. All the towers are set in the master plan, to provide a large common green for the entire development, flanked by the clubhouse. This becomes the first visual reference for a resident or a visitor. The blocks are staggered in the master plan to break the linearity of the towers connected. Not only does this provide a visual relief but creates interesting landscape pockets at the ground level which give an individual identity to each block. The individual identity of each tower is brought alive by the use of landscape elements with a vibrant colour specific to that tower. This translates into a spectrum of colours transitioning through the project, like vivid brush strokes to add lots of joy and positive energy to your life.

Disclaimer: The landscape colour scheme as represented above for each of the towers is only tentative in nature. This colour scheme could undergo changes based on changes in landscape plan, site conditions or as recommended by the Company’s architects.

CERTIFIED ISO 9001:2015
ISO 9001:2015 specifies requirements for a quality management system where an organization needs to demonstrate its ability to consistently provide products that meet customer and applicable statutory and regulatory requirements.

CERTIFIED ISO 14001:2015
ISO 14001:2015 sets out the criteria for an environmental management system and can be certified to. It does not state requirements for environmental performance, but maps out a framework that a company or organization can follow to set up an effective environmental management system.

CERTIFIED OHSAS 18001:2007
OHSAS 18001:2007 is a British Standard for occupational health and safety management systems. It exists to help all kinds of organizations put in place demonstrably sound occupational health and safety performance. It is widely seen as the world's most recognized occupational health and safety management systems standard.
